Sub:- Re-checking of Design & Drawing for the work construction of RCC
ESR for PWS to Nimidihi under Kujanga block

Ref:- This office Letter No.1295 dt.11.6.2019.

Sir,
The design of RCC UGR at Nimidihi Block Kujanga was checked with
report of Ground water table below 1.5 mtr from ground level. The work was started
and required depth of 0.9 mtr foundation was excavated and PCC casting was done
with rod binding. But it is observed now that ground water table is below 0.3 mtr.
depth from ground level. Hence it may be rechecked with respect to ground water
table for 0.3 mtr below ground level. Further kindly send the forwarding letter after
rechecking through mail ID which is dwsmjagatsinghpur@gmail.com.

An early action is requested.

Sub:-

Verification of the design & drawing for construction of RCC ESR.

Ref:-

This office letter No. 3580 /dt. 07.06.2021.& your letter No. 1493 /dt.16.06.21.

Sir,

With reference to the subject and letter under reference, it is to intimate you that, earlier, this office was submitted you drawing design of ESR with 3,00,000 litres capacity for vetting. But, there is no provision for construction of 3,00,000 litres capacity RCC ESR at the same place rather a 2,00,000 litre capacity ESR. So it is to submit once again one sets of Drawing and Design , construction, testing & commissioning of 2,00,000 litres capacity RCC ESR with 15 mtr staging for PWS to Gop At-Konark under Gop Block of Puri District along with the SBC report of the site with a request for checking and return the same to this Office at an early date for taking further action at this end.

Letter no. 451

Dt: 15/03/2021

To

The Head of the Department,
Department of Civil Engineering,
IGIT, Sarang,
Odisha.

Sub: Verification of the design & drawing for construction of RCC Elevated storage reservoir.

Sir,

It is to inform you that, design & drawing of 4 nos. of OHTs under korei Block of Jajpur District were submitted for verification which were verified and communicated to this office vide letter no. 1411,1412,1413,1414 all on Dtd:27.01.2021. The SBC of these four locations namely Kayan, Pataranga, Pachhikote and Ranigoda are 23.20 T/m², 21.22 T/m², 57.82 T/m² and 27.26 T/m² respectively. However, as per agreement if the SBC of soil is more than 10T/m², the design will be prepared assuming the SBC of soil is 10 T/m².

Hence, the designs & drawings for the said structures received from the Contractor, Sri Kulamani Jena are needed to be redesign as per departmental guide line. So, it is forwarded again for detailed verification and correction of drawings as per said guide line. Fees, in this connection if any shall be borne by the agency.

Subject: sieve analysis test for sand

Respected Sir,

With reference to above subject, we are hear by sending the sample of construction raw material sand for conducting test as per below mentioned details.

Srn	Material	Sample	Test	Acceptance Norms
1	Sand	Sample 1	Sieve analysis test	IS : 383
2	Sand	Sample 2	Sieve analysis test	IS : 383
3	Sand	Sample 3	Sieve analysis test	IS : 383
4	Sand	Sample 4	Sieve analysis test	IS : 383

You are requested to kindly conduct the above test as per sample provided to you & ascertain the quality as fine sand or course sand.

You are requested arrange to provide the result to under sign

Thanking you.

Sub:- Carrying out mix design for M35 grade concrete for Tata Steel's Meramandali Site.

Respected Sir,

We have foundations & Supper Structure (Below & Above G.L) to be constructed at Tata Steel's Meramandali site.

The details area as follows:-

Concrete grade:- M35.

Cement :- Nuvoco Infracem (Portland slag cement)

Coarse Aggregates :-20mm down crushed stone aggregates

Find Aggregates :-River Sand

Workability :- To be suitable for pump concrete, slump around 100mm. Admixture shall be used.

We request your help in carrying out the mix design and submit us the approved mix design to enable us to adopt the same. We will be doing the casting some time in 4th. week of September 2023.
Once we receive your confirmation, we will be sending the cement, aggregates, sand and admixture including information about grade of cement and admixture literature.

We will deposit the advance payment against your proforma tax invoice once we receive the same from you.
Looking forward for your support.

Thanks & Regards,

Balaji Constructions

Letter No. 351 Dt. 24.2.2023

315

To,

The Head of the Department (HOD),
Department of Civil Engineering,
Indira Gandhi Institute of Technology (IGIT), Sarang.
Dhenkanal, Odisha.

Sub: Request to conduct concrete mix design for M20, M25 & M30 grade of concrete at govt. laboratory of IGIT, Sarang for the work "Mega PWS to 26 GPs of Parjang & 9 GP of Kankadahad Block, 13 GPs of Kamakhyanagar & 3 GP of Parjang Block, 5 Gps of Sadar block. & 12 Gps of Kankadahad Block. in Dhenkanal district".

Sir,

With reference to the above noted subject, it is to intimate you that, one Mega Piped Water Supply projects is ongoing for providing drinking water to all individual households of Parjang, Kankadahad, Kamakhyanagar and Sadar Block in Dhenkanal District. This work has been awarded to M/s. Laxmi Civil Engineering Ltd. and the agency will start construction in various RCC structures like Intake well, WTP and ESRs for which concrete design mix report is required for M20, M25 & M30 Grade. The Ultratech (PPC-53) grade & (OPC-43) grade cement will be used by the agency and the coarse and fine aggregate will be collected by Laxmi Civil Engineering Ltd. whose sample is enclosed herewith for necessary test.

Hence it is requested to kindly conduct the concrete design mix for the aforesaid grade of concrete at your laboratory, and the charges towards the above testing will be borne by the agency M/s Laxmi Civil Engineering Ltd. as per the terms and condition of the institution.

This is for your information and necessary action.

Yours faithfully,

24.2.23

With reference to the above noted subject, it is to intimate you that, one Mega Piped Water Supply projects is ongoing for providing drinking water to all individual households of Hindol and Odapada Block in Dhenkanal District. This work has been awarded to M/s. Voltas ltd. and the agency has started construction of various RCC structures like Intake well, WTP and ESRs for which concrete design mix report is required for M25 & M30 Grade. The Ultratech(PPC) ⁴³ grade cement will be used by the agency and the coarse and fine aggregate will be collected jointly by the field engineers of RWS&S and Voltas ltd.

Hence it is requested to kindly conduct the concrete design mix for the aforesaid grade of concrete at your laboratory, and the charges towards the above testing will be borne by the agency M/s Voltas ltd. as per the terms and condition of the institution.

This is for your information and necessary action.

Yours faithfully,

Letter No. 351 Dt. 24.2.2023

To,

The Head of the Department (HOD),
Department of Civil Engineering,
Indira Gandhi Institute of Technology (IGIT), Sarang,
Dhenkanal, Odisha.

Sub: Request to conduct concrete mix design for M20, M25 & M30 grade of concrete at govt. laboratory of IGIT, Sarang for the work "Mega PWS to 26 GPs of Parjang & 9 GP of Kankadahad Block, 13 GPs of Kamakhyanagar & 3 GP of Parjang Block, 5 Gps of Sadar block. & 12 Gps of Kankadahad Block. in Dhenkanal district".

Sir,

With reference to the above noted subject, it is to intimate you that, one Mega Piped Water Supply projects is ongoing for providing drinking water to all individual households of Parjang, Kankadahad, Kamakhyanagar and Sadar Block in Dhenkanal District. This work has been awarded to M/s. Laxmi Civil Engineering ltd. and the agency will start construction in various RCC structures like Intake well, WTP and ESRs for which concrete design mix report is required for M20, M25 & M30 Grade. The Ultratech (PPC-53) grade & (OPC-43) grade cement will be used by the agency and the coarse and fine aggregate will be collected by Laxmi Civil Engineering ltd. whose sample is enclosed herewith for necessary test.

Hence it is requested to kindly conduct the concrete design mix for the aforesaid grade of concrete at your laboratory, and the charges towards the above testing will be borne by the agency M/s Laxmi Civil Engineering ltd. as per the terms and condition of the institution.

This is for your information and necessary action.

Yours faithfully,
