Campus Visit Report Implementation of Cloud Based ERP System

Purpose of visit: Implementation of ERP System, to understand the existing work flow with concerned personnel and demonstrate the functionalities of the iERP System and its utilization.

Date of visit: 04-10-2021 TO 09-10-2021

Module Contains:

- Admission
- Academic
- Fees
- Administration and Establishment - HRMS
- Payroll

Following are the list of modules wise discussion/demonstration held during the meeting:

1. Admission Module

Member present during the meeting:

- Mr. Debiprasad Pani, Academic incharge and Dep. Registrar, IGIT Sarang
- Mr. Niraj Vachhani, Implementation Engg., Infinity Infoway

Following are the list of process/features discussed:

- Process of Admission at IGIT
- Student database
- IGIT B.Tech Admission Reg. form and Its incorporation in iERP
- Prototype of IGIT B.Tech Online admission registration form in iERP
- Making of Course admission reg. form and configurations using iERP / Candidate Instruction & Agreement
- Required docs to apply (course specific)
- Email & SMS notification at various stages of registration application
- Application verification window
- User permissions
- Temporary ID Card
- Required data to start Admission portal
- Online payment gateway Int.
- Student login
- Student side Payment window
- Correction of Application within Student login (After Registration)
- Mapping of Admitted students to Academic
- Registration and other Admission Reports

Campus Visit Report Implementation of Cloud Based ERP System

2. Academic Module

Member present during the meeting:

- Mr. Janmejaya Raut, Asst. Professor, IGIT Sarang
- Mr. Niraj Vachhani, Implementation Engg., Infinity Infoway

Following are the list of process/features discussed:

- Student direct registration in to Academic
- Enrollment dissection & pattern of Enrollment
- Student transfer/promotion to the next sem/year
- Section/Division and Batch Making
- Roll no. assignment to Practicals & Batch allocation
- Back date attendance log generation/entry
- Attendance in Faculty log-in
- Attendance taking methods
- Various Attendance's reports
- Teaching methods and aids
- Lesson Planning preparation and submission process
- Lesson Plan at the time of attendance and Reports of content delivery
- Teaching Alterations/Proxy Lectures arrangement
- Partial/Full day suspension and their impact in concerned attendance and in reports
- Extra lecture arrangement and its attendance
- Approvals to Department Head / Approvals bypass system
- Attendance Reports
- Other Reports

Moreover during the meeting, have discussed and finalized that the one time entry processes like Making of University departments, education streams, courses and semesters, Making of IGIT resources, Student database..etc will be prepared/proceeded by IGIT Team and to be done by Infinity Infoway Team. While apart from it, other processes such like creation of Subjects and other needful processes will be done at University end.

3. Fees Module

Member present during the meeting:

- Mr. Debiprasad Pani, Academic incharge and Dep. Registrar, IGIT Sarang
- Mr. Niraj Vachhani, Implementation Engg., Infinity Infoway

Following are the list of process/features discussed:

- Fee collection process at IGIT
- Yearly fees collection and Head bifurcation
- Online fees collection process and SBI Online payment gateway Int.
- Govt. Scholarships
- Types of fees collection like; Regular, TFW, PWD...etc.
- Fees circulars and Types of Fees

4. Administration and Establishment – HRMS

Member present during the meeting:

- Mr. Rabindra Kumar Majhi, Registrar, IGIT Sarang
- Mr. Rajkishore Nayak, IGIT Sarang
- Mr. Shankar Kumar Nahak, IGIT Sarang
- Mr. Bibhuti Bhusan Rout, IGIT Sarang
- Mr. Niraj Vachhani, Implementation Engg. Infinity Infoway

Following are the list of process/features discussed:

- Employee Service book of IGIT
- Job notification and Candidate application form
- Candidate selection process/Screenings
- Email alert during the different Interview rounds
- Appointment/Offer letter
- New Employee Registration and ERP login creation
- Employee belongings and Issue note
- Employee daily attendance (Manual/Machine)
- Miss attendance/Miss Punch request based approval and adjustment
- Employee Grace time
- Leave templates and types of leaves (Leave policy)
- Leave adjustment
- Leave application request at Employee login
- Level of Leave approval process
- Employee monthly attendance and Adjustment
- Employee resignation and temporary suspension

Campus Visit Report
Implementation of Cloud Based ERP System

5. Payroll

Member present during the meeting:

- Mr. Rajkishore Nayak, IGIT Sarang
- Mr. Shankar Kumar Nahak, IGIT Sarang
- Mr. Bibhuti Bhusan Rout, IGIT Sarang
- Mr. Niraj Vachhani, Implementation Engg. Infinity Infoway

Following are the list of process/features discussed:

- Salary slabs / PT, PF Calculation
- Designation wise salary template
- Salary distribution under different clauses
- Monthly salary generate (Teaching/Non-Teaching)
- Salary slip
- Pending employee salary generate
- Salary register report

WORK IN PROGRESS

This section details with the work completed/in progress for different modules of ERP package.

1. Admission Management (Completed)

This module should cover management of entire admission process starting from the admission offer announcement / advertisements to the final admission, in between including issue of offline application forms / online processing of application forms, admitting students to various courses through the process of selection (Online Entrance exam, GD, Personal Interviews or Counseling).

Main features of the Academic Management would be:-

Course can be defined by entering the following details

- (a) Course Code
- (b) Course Name
- (c) Course Credit
- (d) Description
- (e) Books
- (f) References
- (g) Suggested Reading
- (h) Pre Registration of Courses
- (i) Final registration

It facilitates the capturing, management, and presentation of data pertaining to Academics. The core responsibility of this module is to keep track of all the information related the courses/programs offered by the University/Institute/College

Manages complete details of the syllabus for each course offered for each school.

Syllabus can be defined by entering the following details

- (a) Term for which syllabus is defined - Selection from list. List shows all terms defined through "Term System" .
- (b) Specialization – Selection from list. List shows all specialization defined through "Offered Specialization"
- (c) Name for the syllabus

2. Attendance & Time Table Management (In Progress)

- (a) Built-in timetable creation solution for all academic courses, complete with period-wise breakup.
- (b) Scheduling of classes, assignments, room/seat allocation, and even faculty allocation.
- (c) Handles Class room management (attendance, Batch allocations, batch
- (d) Transfers, etc)
- (e) Maintains attendance of students & faculty (Contactless attendance shall be preferred).
- (f) Manages complete details of the classrooms such as no of rooms & the available facilities.

3. Examination Management (Completed)

This module should cover all activities in conducting examinations - Scheduling, Allocation, Evaluation & Reporting. This includes generating and publishing grade sheets / mark sheets, promotion list based on the given parameters.

Pre Exams

- (a) Preparation of mark registers
- (b) Issue of circular regarding attendances
- (c) Issue of circular for examination application
- (d) Consolidating attendance reports and shortage of attendance report generation
- (e) Issue of hall tickets
- (f) Printing dispatch list

Post Exams

- (a) Receiving the marks from colleges/ depts. /centers
- (b) Processing and generation of results
- (c) Preparing mark sheets
- (d) Preparing failure list
- (e) Consolidation of marks of all semesters wherever required.
- (f) Processing the requests for repeat / recourse examination

4. Administration & Establishment (Human Resource Management) (In progress)

This module should takes care of the online recruitment process that involves online application submission, screening and short listing, interview and appointment letter generation. It also takes care of generating employee id numbers and id cards. All the personnel data such as qualification, experience, address, medical history, contact information, training programs is maintained securely here.

This module should offer a complete, staff information management system. The personnel management modules acts as a repository for all staff details such as current job and profile, contact details, family background, transfer, promotion details, qualification and other training details.

- Competencies can then be mapped to roles and employees as per organizational hierarchy. This enables the software to produce the seniority list.
- Leave management with request / approval work flow

5. Faculty / Employee Self-Service Portal (In Progress)

6. Student Self-Service Portal (Completed)
