Advances in Materials Processing and Characterization

(2nd -6th Sept 2021)

AMPC 2021

**INDIRA GANDHI INSTITUTE OF
TECHNOLOGY, SARANG, DHENKANAL
ODISHA-759146**

About The Institute

Indira Gandhi Institute of Technology (IGIT), Sarang, an Autonomous Institute of Govt. of Odisha was established in the year 1982. It is located on the bank of river Brahmani, with an integrated campus covering 179 acres of land. It is about 8 kms away from Talcher and 120 kms from Bhubaneswar and well communicated by road and train. With twelve Departments offering under graduate and post graduate courses including Ph.D. in Engineering, Science, and Architecture, IGIT Sarang is one of the most reputed Institutes in the state. This is the first Govt. Engg. College in the state to have accreditation from NBA (AICTE) because of its academic excellence. The Institute is immensely proud of its alumni, many of whom are entrepreneurs or senior executives in recognized organizations in India and abroad.

About The Department

The Department of Metallurgical and Materials Engineering, established in the year 1994 has all the infrastructural facilities along with well equipped laboratories having state-of-art equipments required for imparting high quality education to meet the present day needs of the society. It is one of the premier Departments where studies on minerals, metals and materials have come into a collaborative existence with a mission to be locally relevant and globally competitive. It has also highly qualified and experienced faculty members to offer broad and balanced learning environment.

Course Objectives

It will be beneficial for the participants for successful careers in the esteemed organization by understanding the underlying theory and rationality behind processes adopted in developing the materials that can sustain in hostile environment.
