**About the Institution**

Indira Gandhi Institute of Technology (IGIT), Sarang was established in the year of 1982 and was managed directly by the Govt. of Odisha in the name of Odisha College of Engineering (OCE). Presently, the Institute is offering nine Under Graduate Engineering courses in Civil, Chemical, Electrical, Mechanical, Metallurgical & Materials Engineering, Electronics & Telecommunication, Computer Science Engg., Production Engg., Architecture; & two part-time Post Graduate Engg courses in Industrial Power Control & Drives, Environmental Sc. & Engg.; nine full time Post Graduate Engg courses / Master course Computer Sc.Engg., Electronics and Telecom. Engg, Geotech Engg. Transportation Engg, Mechanical System Design, Production Engg., Structural Engg., Master's in Computer Application; besides five Diploma Courses in Civil, Electrical, Electronics & Telecommunication, Mechanical & Metallurgical & Materials Engineering.

**Department of Civil Engineering**

The department of Civil Engineering has been functioning as a full-fledged department since the inception of the institute catering primarily to the education of undergraduate, postgraduate, and Research scholars.

**About Short Term Course**

One week Short Term Course on “**Pavement Materials and Evaluation (PME-2023)**” to be organized by the Department of Civil Engineering, IGIT Sarang is intended to assist the researchers and professionals mainly from academic institutions, field engineers, scientific organizations, roads and building works departments, constructing companies, and other agencies of Indian country to share their knowledge and to develop mutual training and research activities.

**Objective of Short Term Course**

To provide technical background of paving materials and technologies and relate it with current practices to improve pavement performance.
